## Mission

The Todd Lecture Series is named in honor of US Army retired Major General and Norwich President Emeritus W. Russell Todd '50 and his late wife, Carol, in gratitude for their dedicated service to Norwich University and the Northfield community. The series is funded by a generous donation from Ellen and John Drew, the Todd's daughter and son-in-law, and the Drew Foundation. The series aspires to serve not only the Norwich University campus community but also residents of Central Vermont and beyond.

Beginning in 2008, the Todd Lecture Series has brought revered, provocative and surprising speakers to campus. With a single guest in the fall and a series of lectures in the spring—each selected and hosted by an academic college—each year the series covers a variety of themes while remaining free and open to the public and the students, faculty, and staff.
