Future of Information and Communication Conference (FICC) 2019

Summary

The conference provided a forum for researchers from both academia and industry to share their latest research contributions and exchange knowledge with the common goal of shaping the future of Information and Communication. The conference was well attended by 200+ delegates. The two days conference comprised of 5 keynote talks by esteemed speakers, 145 papers presentations and 15 poster presentations. The breaks in between these sessions gave networking opportunity to the delegates coming from over 50 countries.

Conference Dates: 14-15 March 2019

Conference Venue: The Park Central San Francisco
